Higher Performance and Good Quality for Automation, Healthcare Systems

EC · USB 3.0 · SATA 3Gb · Watch DOG · GPIO · Fanless · Giga LAN · DDR 3

Portwell

Intel Intelligent Systems Alliance Premier

PORTWELL RELEASES INTEL® BRASWELL-BASED NANO-ITX FOR ROBUST SYSTEMS.

IEI Launches the KINO-SE-i2 Mini ITX Motherboard.

IEI's new product just released on JUNE. Click the picture for more information.
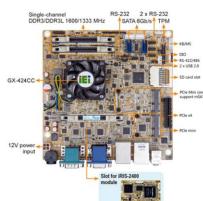

NEXCOM 802.11ac Industrial Wi-Fi Harnesses Big Data and Video Transmission.

The IWF 503 series helps build a fast and capacious outdoor Wi-Fi backhaul with data rate up to 1.3Gbps. Increased bandwidth opens up new applications such as video surveillance. With the assistance of IWF 503 series, factory managers can instantly monitor equipment, assets, stocks, production line, and rural sites beyond the factory roof, thus improving manufacturing security and safety.

AAEON Presents

Intel® Pentium®/ Celeron® Processors N3000-based Solutions

AAEON Unveils Intel® Pentium® and Celeron® Processors N3000 based Hardware Solutions.

Support for greater memory speeds and I/Os are also incorporated in the new chips to introduce some of today's most wanted technological features to the mainstream market.
