Axiomtek Rolls out Intel® Braswell SoC Fanless Mini-ITX Motherboard with Rich Graphics-MANO300.

The Axiomtek MANO300 offers improved processing and graphics for intensive multi-media and high computing base applications.

Various display interfaces support triple-view via VGA, HDMI and LVDS. One SDXC slot is available for card reader.

The cost-effective fanless mini-ITX motherboard is excellent for solutions in medical healthcare, in-vehicle infotainment, kiosk, digital entertainment, digital signage, and POS.

NOVEMBER 27, 2015

ADLINK Announces New Quad-Core Fanless Embedded Computer Based on Intel® Atom™ Processor E3845.

Leveraging proprietary mechanical engineering, the MXE-1400 series continues to offer all the popular features of the Matrix E series, including fanless and cable-free construction and rigorous testing for operational verification.

The line's recognized reliability and ruggedness are critical for complete functionality despite the rigors of demanding industrial application environments.
