ACQU GROUP
INDUSTRIAL PC ONE STOP PROVIDER

DFI®

MAY 17, 2017

See What's New in Intelligent Healthcare – DFI MD711-SU Medical-Grade Box PC.

With gentle curved corners and pure white color blending in perfectly with medical scenarios, the DFI MD711-SU medical computing system features smooth surfaces and downward fin design to render a stackable system with safe and easy-to-clean shape.

The medical-grade antibacterial finish inhibits bacterial growth and prevents system damage from erosive substances in medical cleanser. It is able to maintain an excellent hygiene in medical environments. Plus, MD711-SU also supports isolated I/O ports and expansion slots with intuitive interface design that not only power up the system with high-resolution imaging capabilities but offer effortless user experience. -see more-

NEX 912
ATX Industrial Motherboard
Supporting 7th & 6th Gen. Intel® Core™ Processors with Intel® Q170

NEXCOM

MAY 23, 2017

NEXCOM's NEX 912 Industrial Motherboard Gives Rise to Machine Vision Applications.

Supporting the 7th and 6th generations Intel® Core™ processors paired with Intel® Q170 Chipset, the NEX 912 excels at offering advanced computing and powerful image handling with expansion capabilities to improve inspection and secure quality production in the manufacturing industries. -read more-

The fanless and cableless ASLAN-W9xxC series offers a variety of models differentiated in terms of their display size, I/O interface and mechanical chassis.

avalue

MAY 28, 2017

Avalue Introduces a IEC EN60945 Marine Certified Embedded Box PC, EMS-SKLU-Marine.

The EMS-SKLU-Marine Box PC is powered by the latest 6th generation Intel® Core™ i7-6600U Ultra Low TDP processor, which delivers a full range of I/O connectivity, including 6 serial ports (4 series ports support 2.5KV isolated protection), 2 Gigabit Ethernet ports, and 6 USB ports (4 support USB 3.0, 2 support USB 2.0).

The EMS-SKLU-Marine Box PC is designed to provide outstanding system performance, bringing a new level of flexibility and ideal for marine applications. -read more-

ARBOR

MAY 23, 2017

ARBOR Releases New Industrial Panel PCs with Intel® 6th Gen Skylake Platform.

The ASLAN-W9xxC Series is powered by a 2.4GHz Intel® Core i5-6300U™ processor, and supports 4GB DDR4 SO-DIMM system memory.

Based on Intel's 6th Gen Skylake Core processor platform, the series provides low power consumption and plenty of performance for demanding applications and multitasking. -read more-
