COM-WHUC6: Industrial Power on Module from AAEON

AAEON announces the COM-WHUC6 COM Express module. Built to the Compact Type 6 form factor, the COM-WHUC6 is designed to operate in a range of applications from automation to mobile operations.

The COM-WHUC6 is powered by the 8th Generation Intel® Core™ i7/i5/i3 and Celeron® ULT series processors (formerly Whiskey Lake), providing energy efficient performance for a range of industrial and embedded applications.

Latest PulM Card with Bypass Function- PulM-1G4T-I211 & PulM-1G4T-I211-BP & PulM-10G4SF-XL710-BP

IEI PulM series, the smarter Network Interface Card (NIC), can resolve networking overhead to make packet processing faster and more efficient at lower cost than standard CPUs. It is ideal for users who want to, for instance, build up a network server with virtual machine and provide storage function. - read more-
