### ADLINK Introduces a Portable PXI Express Chassis

ADLINK Technology Inc. has introduced the PXES-2314T, a new generation PXI Express chassis with versatile, high bandwidth Thunderbolt™ 3 interfaces. Unlike traditional PXI Express systems, which are usually large and require complex setup, the PXES-2314T is a compact test and measurement platform that offers the performance and flexibility of PXI Express but in a portable system, requiring only the small PXES-2314T chassis, a notebook PC with Thunderbolt 3 ports, and desired peripheral modules. - read more -
